Registration Tutorial for the International Virtual Course on Multidisciplinary Optimization and Machine Learning for Engineering Design Applications (MDOML-2021)

To register for the International Virtual Course on Multidisciplinary Optimization and Machine Learning for Engineering Design Applications MDOML-2021, visit

https://admission.itb.ac.id/home/summer-courses

Then, click on the Program Courses tab.

	Summer Course	
GENERAL INFORMATION	×	
	INTERNATIONAL VIRTUAL COURSES	
Summer Courses Program is designed and work together during a period of ti and foreign resource persons (such as 2021, Summer Courses Programs in ITE	for serving students and professionals to study in ITB Campus. During the implementation of academic activities, participants will study me. The lecture materials, tutorials and excursions will be delivered in English. The academic activities are delivered by ITB faculty staffs professors and researchers from partner universities, experts who work in the reputable industries/research canters, etc.). Until the end of a are supported by World Class University Program of ITB.	
Due to COVID-19 pandemic, the Summ activities will be delivered virtually.	er Courses Program offered by ITB is replaced by the International Virtual Courses. As has been indicated by its name, the academic	
For interested participant, application to attention with the requirements for each	o join ITB International Virtual Courses can be applied here. There are no registration fees to join these courses, however one should pay necture, including tuition fees for each courses.	
For the prospective applicants, whose academic activities, there will be assess	their applications are approved, they will receive a notification as ITB non regular students for a limited period. During the conduction of sments, and the successful participants will be granted an academic transcript by ITB.	
For further information, please visit the	link of each offered courses below	
		8

You should see list of choices of the available courses. If you are applying for the MDOML 2021 virtual course, click on the "International Virtual Course on Multidisciplinary Optimization and Machine Learning for Engineering Design Applications" course.

21	IVC21- 142	Introduction of volcano seismology using recent technology	FTTM	Geophysical Engineering	Dr. Zulfakriza	2021-08-09 until 2021- 08-20	2021-06-15 until 2021- 08-06	open for registration	info	
22	IVC21- 143	Improved oil Recovery	FTTM	Petroleum Engineering	Silvya Dewi Rahmawati, Ph.D.	2021-07-26 until 2021- 08-06	2021-06-15 until 2021- 07-23	open for registration	info	
23	IVC21- 141	Introduction of CCUS for Asia-Oceania Region	FTTM	Geophysical Engineering	Dr. Mohammad Rachmat Sule	2021-07-26 until 2021- 08-06	2021-06-15 until 2021- 07-23	open for registration	info	
24	IVC21- 144	Sustainable Process Metallurgy	FTTM	Metallurgical Engineering	Dr. Imam Santoso	2021-07-26 until 2021- 08-06	2021-06-15 until 2021- 07-23	open for registration	info	
25	IVC21-	SAPPD SummerCamp 2021: Planning and Designing Cities for All	SAPPK	Regional and City Planning	Dr Ninik Suhartin	2021-08-20 until 2021-	2021-06-15 until 2021-	open for registration	info	

You should be able to see the course detail, and click "apply" to apply for the course

mational Summer Course on Mu	utidisciplinary Optimization and Machine Learning for Engineering Design Applications		
ourses Activity		Registration	
culty	FTMD	Please read the detailed information about courses activity carefully	
udy Program	Aeronautics and Astronautics	To continuine your registration process, please click the Apply button	
gistration Schedule	2021-06-15 s.d 2021-07-16	Apply B dc	
urses Schedule	2021-07-19 s.d 2021-08-05		
rson in Charge	Pramudita Satria Palar,		
ourses Description	In the good data, avantry of optimization for exploreing a facing has new been more important than holdy. The dam of marchine and patiation data similar basis of marchina and a source different tracks in softmatication. Walking optimization techniques to apality discover important design insight and insulating from data. The interview between compare implantations are proprieted data, and data data data methods in two end of the holdy. The animation techniques practice. Rulery in data science, analysis, and marchine learning is the becoming an important will that must be possised by paratitioners and research in dissing optimization to take advances of the alkonder amount of data. Basiled the need for a concise introduction to design optimization tradyst within a unversity artific The Excludy of Machanial and Recomption Dispersition plant theorem (Sensing). Design and collaboration with Theirbau University (Japana) and The Hong Isong University of Science and Excluding Dispersition and interviewing Dispersition and interviewing Dispersition. Design theorem (Design Dispersition) and the soft technology. Design collaboration with Theirbau University (Japana) and The Hong Isong University of Science and Excluding Dispersition university and the first summer council on "Multidoptiop" (Designmation and Mashaling Excluding). Design undergoaluber tubins with to undertated the theory and apply regreening aptimization methods in practice. The course in Course their induction, important topics, and practical aspects of optimization and machine learning for empiricenting design.		
cademic Partners	The Hong Kong University of Science and Technology Tohoku University		
B Lectures	Pramudra Satria Palar, Ph.D. Lavi Ricki Zuhal Ph.D.		
oreign Lectures	New Britiski Lim (HAST, Hong Kong) New Finite Lim (HAST, Hong Kong) Hennark Kurnel Single (HAST) Australia Lica Panuali (Limenty) at Intera Italy Joseph Modier (SURARD, France) Rommel Regis (L. Joseph (Limenty)) Nathalia Eartsi (IARRA, France) Koji Menguana (Tohka), University)		

After clicking "Apply" go back to the main menu by "Back" and you should check and see if all of your tabs (**Personal Data, Address, Current/Latest Education, Required Documents, Summary, and Choose your courses/program**) are already completed by the green color indication.

Data Entry						
Bask Data	basing					
	Personal Data				٦	
	Prepare documents at requested to 191 in this form. Make sure you 191 in the form with the conect answers.					
	Lart update: 3221-06-22 1502.22					
					_	
	Address				_	
	Pagan documents as requested to fill in this form. Make sure you fill in the form with the correct answers.				-	
	Lan update: 2221-05-22 15 14.25					
	Current/Latest Education				5	
	Prepare documents as requested to KI in this form. Make sure you KI in the form with the correct answers					
	Lan update: 1021-06-02 1021-04					
	Required Documents					
	Prepare documents as requested to fill in this form. Make sure you fill in the form with the correct answers.					
	Summary					
	Peace be sure that your data has been complication. Allow you finalize, any change of your data will be prohibited.					
	Data Finalization : 2011-06-22 154427					
					=	
	Choose your courses/program				_	
	Prepare documents as requested to fill in this form. Make sure your fill in the form with the correct answers.					

Congratulations, you have completed the registration.
